# M & O LEVY & BOND ISSUE DEFEATED

## Prez Sez . . .

Now that the election is finally over and the Levy Issue as well as the Bond Issue has failed, the Civic Center has many hard choices to make.

One of the choices we can make is to cut back services, penalize the youth, or raise rental fees to the clubs and people who have served and worked to bring the level of services at the Center that are now available.

The other choice is much more noble but much harder to accomplish. It is this choice that I, as president, prefer to take.

(1.) We are not going to raise rates. This will protect all those clubs and organizations on limited budgets that do so much good for the community.

(2.) The key to adequate

funding is for a total commitment from all users as to their responsibilities for the many fund-raisers that helps subsidize their rent structures.

(3.) The partonage program will be extended for another year. In 1984, over \$4000.00 was raised by this method. In 1985, we must raise over \$5000.00 with the same program.

The choices of fund-raisers will be chosen by your newly elected board. During the course of the year, calls for workers will be made from time to time. Since the voters have elected not to support their district with tax money, all those who voted to withhold their share of property tax dollars should look within their community and say, "I WILL HELP."

Thank You.

## RING IN "1985" IN STYLE

Let's ring in 1985 with the best celebration ever at the Key Peninsula Civic Center. This annual New Year's Eve Dance is sponsored by the Civic Center and is one of their main fund raising events.

The dance is to start at 9:30 p.m. and will go until 1:30 a.m. Music will be the big band sounds of the "Vaux Quintet."

Cost for this night of entertainment will be \$ 30.00 per couple (\$15.00) single. There will be a midnight buffet of cold cuts and smorgasbord of salads and always plenty of balloons and party favors. Reservations are required and it is suggested that if you want special seating or have a

large party to make your reservations early.

Dale and Claudia Loy of Sakura Nursery will be handling the tickets sales this year along with the help of Shirley Olson. Tickets can be bought at the nursery during business hours 10 am. to 6 pm. Daily until Christmas. Business hours will be changed after Christmas, so please call any of the following numbers for late reservations: 884-3937, 884-4169, 884-2481.

We will be asking for donations of salads for the buffet and if anyone would like to donated please call any of the above numbers.

Celebrate the New Year close to home and with all your friends and family.

## SKATING ADMISSIONS CHANGED

Beginning on December 7, 1984 admission to skating will be as follows 1st session for younger children will be \$1.25 plus .50 for skate rental, 2nd session for the older children will be \$1.75 plus .50 skate rental.

We need to have more volunteers to monitor the floor and the outside areas.

## SANTA COMING DEC. 1

What better way to begin the holiday season than to bring your children to see Santa at the annual Arts and Crafts Fair at the Key Peninsula Civic Center, Vaughn, Saturday, December 1. Santa will be there at 10:30 a.m. to visit with children of all ages, and those who wish to have their picture taken with Santa may do so between 10:30 and 12:30 p.m.

The 14th Annual Arts and Crafts Fair will open its doors Saturday, December 1 at 9:30 a.m. and run until 4:30 p.m. There will be a wide variety of items available with many new exhibitors and many of your long time favorites. The range of items runs the gambit of handcraft possibilities and has to be seen to be appreciated. You name it--we have it!!

The kitchen will be open to serve a hot snack, beverages and desserts.

Why don't you come and join the fun at the Key Peninsula Civic Center, Saturday, December 1?

# KPFD #16 ESCORTS SANTA

Christmas will soon be here and Santa is visiting the Key Peninsula area again this year. He has enjoyed his visits with the young and old alike over the past six years.

The Key Peninsula firefighters will be escorting Santa around the district and we hope no one will be missed. To help make this possible and easier for everyone, this is the schedule of routes and dates he will be taking.

Santa will leave the headquarters station at 6:30 p.m. each night and finish about 9:00 p.m. at the station in the area of the route. We can't guarantee what time we will be at each place, so check the schedule for the route or stopping point nearest you.

Remember, candy canes for all the kids!!

# EVERGREEN BOOSTERS

by Jeannie Sagle

The month of December, traditionally loaded with activities, is no exception for the Evergreen Boosters (formerly Evergreen Parent Group.) The first such activity is Santa's Gift Shop sponsored by the boosters. It will be held at Evergreen School during the week of Dec. 10-14 for students only. It's purpose is to provide the students with an opportunity to holiday gift shop for their families and friends without their presence. A gift and price list will be sent home the week prior to the sale. Parents will also be invited to inspect the gifts before the sale for quality. For more information please call

Cheryl Guintoli at 884-3363.

On Dec. 18 a combination Spaghetti dinner and holiday concert will be held beginning at 6 pm. More information regarding the spaghetti dinner will be coming out soon. Call Nancy Mercado at 884-3550 for information. The concert following the dinner is an annual holiday affair for Evergreen and always enjoyed by everyone. The children assisted by their teachers sing songs put on plays and present other activities.

### VAUGHN GARDEN CLUB

The Vaughn Garden Club will have a Christmas Party on Wednesday Dec. 19, at the home of Ole McDowell. Hostesses will be Beulah Kupka and Loretta Jewett.

This will be a noon potluck luncheon as well as a time for gift exchange.

Car pool will leave the Civic Center at 11:45 am.

### BINGO REPORT

Our attendance is holding at about 63 to 65 per night. Perhaps a new Bingo chairperson would improve attendance. Won't someone volunteer for the position? You meet many nice people and have a lot of fun.

We still have not paid out any large jackpots. The law of averages says someone is sure to win one soon. We have begun an

"Early Bird" game for those who arrive and want to do something to pass away the time. It has been quite successful.

We are planning some surprises for December 19. Until, then, mum is the word. There will be no BINGO on Dec. 26-- too soon to Christmas.

You are all beautiful people. Let us see you faces on Wednesday night at 7:30 in the Key Peninsula Civic Center Gymnasium. In other words, COME PLAY BINGO!

## WINTER SAFETY TIP

Are you a one-eyed driver? Recently, I drove in early evening toward Purdy and counted at least ten cars with only one headlight. In the early darkness and with rainy weather this is extremely dangerous. Please check your headlights often to avoid being a risk to yourself and to others on our roads.

In this same vein, please do not drive with just your parking lights on -- it is extremely difficult to judge your speed and can be a danger also. We want you to be around to enjoy our Peninsula for a long time!

## Cootiettes Pennants #609

Penn Ants #609 members want to wish everyone a "Merry Christmas".

A busy month ahead for all. Cootiettes will have some workparties to prepare for trips to Cottesmore Nursing Facility, Rocky Bay and Naval Hospital.

December 11 - Visit to Cottesmore. Meet at Walt's at 12:00 noon.

December 18 - Visit to Naval Hospital. Meet at Walt's at 11:30 a.m.

December 20 - Christmas Party at Civic Center at 6:30 p.m. Potluck, gift exchange and identify secret pal.

## HALLOWEEN PARTY GREAT SUCCESS

The Key Peninsula Horsemen have sponsored another community event as successful as our Pioneer Parade. The Halloween party at the Vaughn Civic Center was a smashing success, literally hundreds of children and adults attended.

The party featured an adult room for waiting parents with video movies, coffee, hot cider and cookies.

The children's party included an apple dunk, musical chairs, fortune telling booth, fish pond, bean bag throw, trick-or-treat room, candy and money in a haystack, haunted house, and doughnut bite which entertained those attending.

It should be noted that no injuries or threats occurred. Everyone seemed to have a good time, including a hunchback, fairy, Peter Pan, witches, clowns, monsters, ghosts, goblins and pumpkins.

We wish to thank all our members and the Civic Center Board, all the volunteers for their donations.

Watch for more events being sponsored by the Horse Club.

## KEY PENINSULA LUTHERAN CHURCH NEWS

Beginning Sunday, December 2, we will use our beautiful advent wreath with its candles and greens to prepare for the birth of Christ. Each Sunday another candle will be lighted until all four, plus the Christ Candle, are lighted at Christmas Day services.

There will be a number of special events during the Christmas season with our children presenting their message in song and story on December 23 at the 10:30 a.m. worship service.

There will be the family service of carols and candlelighting on December 24 at 7:00 p.m. and the Christmas Day festive worship at 10:30 a.m. We invite any and all in the community to join us in the celebration of Christ's birth.

## THANKSGIVING DINNER SERVED

On November 15, the Seniors of Key Peninsula served their annual Thanksgiving dinner to their friends. Under the able guidance of Clara Kurz, there was a good turkey dinner with all the trimmings. The garden club was in charge of the pies. The entertainment was provided by Wayne Shield's musical group, furnishing the music, also there was a sing-a-long for all to join. So it was. Come over to our house and share a good time.

# A Woman's Heart

by Elaine Forch

Last week, while grocery shopping, I overheard two young mothers discussing the coming Christmas holidays. They were both concerned about their deflated budgets and were worried about where they would find the money for Christmas presents for their children. I wanted to intrude and tell them not to worry about the presents, but to concentrate instead on building special memories.

How well I remember, as a young mother, experiencing those same feelings and concerns. There never seemed to be enough money to buy the kinds of gifts for my children that I wanted them to have. By Thanksgiving, we were just recovering from September's back-to-school expenses and Christmas loomed just around the corner. I always vowed to start my Christmas shopping in January the next year -- but, of course, January had its own demands. Soon I would be back at Thanksgiving again with Christmas staring me in the face and very little money to use for gifts. Somehow, we always managed to provide some kind of gift for everyone.

Considering the misery I put myself through, it is fascinating to listen to my children discussing

our Christmas holidays as they remember them. They talk about baking cookies, decorating the house, going caroling, earning money by doing special chores for neighbors and grandparents and then placing those special gifts, which they had shopped for and so carefully wrapped, under the Christmas tree. They remember the Christmas tree decorations they made in school and still expect to see hanging from our Christmas tree. They remember the Sunday School Christmas programs and the Christmas Eve Candlelight Services, especially the year that snow fell during the service. That year we came out of the church to see a blanket of snow covering the streets. There was a hushed stillness except for the ringing of the church bells. The beauty of that night still haunts them. They remember the warmth of the family get-togethers and the special things that we did. Maybe they didn't have the most expensive presents and they really can't even remember many of the gifts that they did receive, but they do have memories--memories filled with a love that can't be purchased or wrapped and put under a tree.

Memories are gifts that can be stored in the heart to enjoy for a lifetime -- and beyond.

the meeting at the Civic Center. Another suggestion was to have the meetings at one of the schools or local churches. Alex Kent and Mary Graham are looking in those places.

The next 4-H meeting will be held Dec. 6, 1984. Anyone interested in joining 4-H can call Norma Stencil at 884-3594

## LIONS CLUB

The Key Peninsula Lions Club is presenting a pancake breakfast December 2 from 9:00 a.m. until 12:00 noon at the Civic Center.

The menu includes sausage, eggs, coffee, milk and, of course, pancakes. The price of the breakfast is \$3.50 with no charge for children under five. Arrangements are being made for some entertainment and for door prizes.

The proceeds will be used locally for the hearing aid program and the eyeglasses for kids program as well as for holiday baskets to be distributed through the Community Services Center.

This is for our own people -- neighbors and friends. Let's make it a big success.

## KP 4-H CLUB

The Key peninsula 4-H Club held its meeting Nov. 1, 1984 at Norma Stencil's house. An awards dinner was discussed. The award dinner will be potluck at Lake Holiday on Dec. 8, 1984. The 4-H'ers will bring the awards they earned last year to show all of the new members and families. A new place to have the 4-H meetings was discussed. Norma Stencil is going to check into the possibility of having

Children's Christmas toys would last longer if the grownups were given some of their own to play with.

# CHIROPRACTIC HEALTH TIPS

BY Dr. Robert Campbell

Whiplash neck injuries are among the fastest growing health problems today. The ever-increasing number of automobiles rolling onto our congested streets and highways, the mass migration to the suburbs, the increased speed of our freeway systems, power brakes and more powerful engines all contribute to the growing frequency of the type of accident that can result in whiplash neck injury.

Unfortunately, to the ordinary doctor, whiplash cases remain a little understood problem. They are, by their nature, chiropractic cases.

Every accident victim should have a thorough Chiropractic examination. A simple, painless spinal and nerve test can quickly reveal if you are a chiropractic case. You owe it to yourself and your family to have your nerve system tested and find out for sure. "Every health problem has a cause, and the cause must be found and corrected before you can get well."

Chiropractic and medical research now link symptoms as listed below with whiplash-type injuries. One or more of these symptoms often occur immediately. However, others may not develop until hours, weeks, or sometimes even years following the injury. Many patients having these symptoms are unaware or have forgotten about their accident.

Headache, muscle spasms, black-

outs, heaviness of head, neck and shoulders, ringing of the ears, pain between shoulders, anxiety, irritability, periods of depression, head and neck pains, stiff neck, fatigue, loss of balance, pinched nerves, nausea, numbness of arms, hands, shoulders, feet or legs, poor memory, tension, restriction of neck motion, extreme nervousness, equilibrium problems, slipped discs, shortness of breath, loss of normal spine contours, and inability to concentrate.

# At Home on the Range

by Janice McMillan

The wind was blowing, the skies were glowering darkly, holding a torrential downpour. I knew the rain was going to start to come down in buckets as soon as I went out to drive to the store for a jar of peanut butter. I had gotten wet feeding the dogs, wet getting the mail, and I just wasn't going to get wet again that day. We had the cookie hungries bad, but it was going to pour rain again. What to do? A light bulb with "idea" written on it popped on over my head. I remembered that experimental jar of almond butter I had bought several months ago. Today was the day for experimentation. The experiment worked and the result was the recipe for delicious.....

### ALMOND BUTTER CHOCOLATE COOKIES

- Heat oven to 350 degrees
- 1/2 c almond butter (see note below)
- 1/2 c butter or margarine
- 1/2 c white sugar
- 1/2 c firmly packed brown sugar
- 1 egg
- 1/2 t vanilla
- 1/2 t salt
- 1/2 t baking soda
- 1 c flour, minus 1 T
- 1/4 c cocoa

Cream almond butter and butter. Beat in sugars. Stir in remaining ingredients. Drop by heaping teaspoonsful on cookie sheet. Bake until firm (8-10 minutes). Makes about 4 dozen cookies.  
NOTE: Almond butter is available at health food stores or the House of Almonds at the Tacoma Mall. Try to buy the chunky kind, which gives the cookies an interesting texture.

# Restaurant Guide

By Janice McMillan

Six of us went to dinner at Salty's at Redondo Beach and had a wonderful time and a superb dinner. Be warned: it is expensive. However, no one complained because it was so good. The entrees came with perfectly cooked broccoli and steamed red rose potatoes. Salads, chowder, garlic cheese bread and dessert were extra. Salty's specializes in fresh seafood and they prepare it very well. The thing that impressed me the most was the fact that everything was cooked to the exact degree of doneness and that all items we had were served at the perfect temperature. They even have chilled forks for the salad, which struck me as a bit affected but does illustrate their concern for the right temperature.

My Caesar salad (\$3.50) was large, the classic preparation, and just fine. The Chicken Oscar (\$9.25) which is one of the cheaper entrees on the menu, was marvelous, about the best I have ever had (I often order Veal Oscar in restaurants). The chicken breast which was moist and juicy was prepared in the Oscar style with hollandaise sauce, topped with crab leg pieces and fat asparagus spears, served on a bed of fresh, steamed spinach.

Two of us had Prawn Peking Saute (\$11.75), a stir-fried mixture of prawns, red and green peppers, onions, mushrooms and new potatoes with a sauce which contained fresh ginger and soy sauce. It was superbly flavored and attractively presented.

Two others had Seafood Fettucine. Their huge servings cost \$11.25 each, and according to them it was well worth the price. The fettucine contained perfectly cooked (not too al dente) noodles, fresh parmesan cheese, cream, scallops, shrimp, mussels, white fish and mushrooms.

One of us with a passion for cioppino tried Salty's at \$11.75. This large tureen of the San Francisco seafood chowder had lots of crab, white fish, mussels, clams and a spicy red wine and tomato base that had simmered a long time to meld the flavors. The seafood had been added at just the right time so that nothing was tough or dry. Our

friend couldn't bear to waste a single bite and mopped up every delicious drop.

Deciding to go all out, we ordered four different desserts. Everyone took a bite and passed to the left. We voted the Linzer Raspberry Torte (\$3.50) the very best and the Chocolate Mousse (\$2.75) with its heavy slightly bitter chocolate taste a close second. We thought the cheese cake (\$2.75) had too much almond flavor and the chocolate mocha cake (\$3.50) a little dry. However, this was being quite picky, as all the desserts were tasty.

It would be worth the drive to Redondo, a side trip off I-5 on your way to Seattle, to stop and have a cup of clam chowder (\$1.75). Three of our group ordered it to begin their meal. The rest of us sampled it and all thought it very, very good.

The only thing that we did not care for was the basket of garlic cheese bread (\$2.25). It was oily with too much butter and the melted cheese was just plopped on top.

Salty's had an attractive atmosphere, with low lighting, nicely appointed tables set far enough apart to be comfortable. It is built out over the water and has large windows to allow you to enjoy the view. The adjoining bar is a separate room with the same feeling of low lighting and pleasant tables and decor. The name Salty's fits the predominating color of weathered blue-grey. Salty's is open for lunch from 11:00 a.m. to 3:00 p.m. and dinner from 5:00-11:00 p.m. every day. Call for reservations: 946-0636.

## EMERGENCY 911 BEGINS JANUARY 1985

by Hugh McMillan

Next month, January 1985, your Key Peninsula Fire Department will no longer be handling emergency dispatch of our fire and medical aid personnel and vehicles. All such dispatching will be handled by the Lakewood Emergency Dispatch Service. This means that, while you will continue to place all emergency calls over 884-2161 or 857-2311, you will not hear Mary Ramsdell's familiar voice when you do so. This move is the first phase in our District's preparation for the vastly superior E-911 dispatch system which will be instituted in September/October 1985.

As you know, E-911 was approved by Pierce County voters in 1982. The system is being paid for by the \$.50 surcharge on all of our telephone bills. Initially, some money from KPPD funds must be paid into the new system. However, this investment will play a major role in our District's recovery of refunds from the E-911 system to pay for new communications equipment needed to meet district needs now and in the future. (Example: We need eleven new radios at \$1,100 each, new pagers at \$395 each etc. in order to meet the requirements of Pierce county.)

The new equipment is needed because of the extraordinary increase in county-wide radio traffic; the airways are dangerously overcrowded. (Example: a few years ago, KPPD

handled some 200 emergency calls; in 1983 we handled more than 700. All 27 fire districts in the county have experienced the same load increase.) It is, therefore, essential that we move from one to four frequencies to cope with the load.

Participation in E-911 will not only be more efficacious, it will save us some 65% of the costs which would be needed to support a system of our own. We can no longer make do with a single dispatcher; without E-911 we would have to hire three full time communicators. (Example: when we dispatch an ambulance, the dispatcher must remain on the air until it returns to the district; the round trip averages three hours, no matter what time the emergency occurs. At present, that means Mary will have to stay at the radio even if it's from 2:00-5:00 a.m.)

We encourage you to invite us to speak to your club or group to explain what all is involved in E-911. Call 884-2222 or 857-2291.

### KP HOMEMAKERS

## SILVER THREADS

by Thelma Gill

A very fine poet once wrote these lines, which seem so apropos at this time.

The tumult and the shouting dies,  
The captains and the kings depart,  
Still stand thy ancient sacrifice,  
A humble and a contrite heart.

May the humble heart become apparent in the next few years.

And now it is time to turn our thoughts to our tomorrows. December is going to be a busy month filled with a lot of doings.

We start right off with the first day, helping to put on the Arts and Crafts show. Winnie Smith is in charge and all the Seniors will back her with help. Show will be from 9:30 a.m. to 4:30 p.m., December 1, 1984.

Our monthly board meeting will be held at the home of Georgia Gillis on December 3.

I hope the rumor that I heard at the last meeting is true, it seems that Bob Smith is planning an entertaining time for the meeting perhaps December 20.

Several of our members just got back from a trip to Reno, and "a good time was had by all". There are more trips in the planning.

We will honor our men on December 6 and hold our regular business meeting.

On December 13 our feet will be treated to good care.

December 20 is blood pressure day and also the day we take the much-appreciated cup cakes to Rocky Day Health Care Facility.

December 27 is birthday cake day and recycle day. This recycling is not only environmentally helpful, it is monetarily profitable.

And so we come to the end of another year of fun, good friendship, et al., only to start a new year soon.

So to all MERRY CHRISTMAS AND A HAPPY CHANUKAH TO ALL.

## HEALTH CENTER HAPPENINGS

As winter comes with the early evening darkness and the constant rains, our biggest threat to public health once again becomes our link to the world - Hwy 302. The number of injury accidents on our little stretch of road is always high, but in recent years the holiday season has been marred by tragedy too often. I'm convinced a few simple precautions could improve this situation.

1. If you drink - don't drive!
2. Use your seatbelts.
3. Slow down when the weather's bad. (Practically the whole month of December)
4. Turn on your headlights when visibility is poor.
5. Expect the unexpected (like bicycle riders from Home to Key Center)

Trama is the leading cause of death and disability in young adults -- please help us look after our community.

We've had some recent changes in the staff at the Health Center. Jenny Morash left her post at the

receptionist desk to have a baby. His name is Michael Dean Morash, and mom and baby are doing fine. We have hired a nurse who is in the process of completing her training before joining us full time in January. Her name is Ginger Mellville and she brings a lot of experience in doctor's offices to our "back office." We welcome both Michael and Ginger to our community.

The respite care project is booming! We're always looking for helpers and clients. It will be closed on the day after Christmas (December 26) - otherwise the activities begin every Wednesday at 9:00 a.m.

The Health Center staff and board would like to wish the seasons best to all of our community and a happy healthy new year!

Mom came to Washington in 1888 as a tiny baby. Her life as a child, first at Wollochet Bay, then Fox Island, and finally McNeil Island, is outlined in some notes that she had written before her death in 1965.

In 1888 Washington was still a territory. Her earliest memory was of playing on the six foot diameter cast iron wheels at the Fox Island Brick Works. She said she went "around and around until she was dizzy." Some brick walls and ovens were still there when I went to school on Fox Island from 1914 to 1918.

The family moved to McNeil Island in 1890 or '91 when Mom was three or four. The homestead there remained in her family until the U.S. Penitentiary bought the entire island, forcing all landowners to sell and move in 1937.

"Primitive" describes the life

of an island child in those days. Two trappers who came along in a rowboat interested Mom a lot. They set up camp and invited her to share a meal of 'coon and seal meat. She said it tasted fine, roasted over an open fire. Indians often paddled through Pitt Pass in their cedar dugout canoes. She remembered watching Indians drying clams on racks at their camps near Longbranch, and brown skinned children playing along the beach.

Miss Barnett was Mom's first teacher. She remembered that the "New Franklin First Reader" was her first school book. Each child had his or her personal slate instead of paper tablets. Mom's school, district 51, was attended by her brothers and sisters, and finally by her own kids, including me. It was a one room school, with one teacher for all eight grades.

Grandfather Floyd cut wood for the old steamer "Blue Star". A trading boat, the "Otter" captained by a man named Brown, used to anchor in Floyds Cove now and then. The settlers rowed out to buy sugar, flour and other essentials that they did not usually produce on their "ranches". Sometimes eggs and butter were used in exchange instead of money.

Money was scarce. Men sometimes worked for one of the many small loggers. Trees were cut with axes and primitive two man saws. Logs

were moved by oxen on skidroads to the bay. Clams could be dug with a stick, so no one needed to starve. With a cow and a horse and a few chickens life was almost deluxe.

Steamboats were a major link between islanders and the wonders of the "big cities." Tacoma was the usual destination, but there was some traffic to Steilacoom and Olympia also. Mom mentions riding on the Messenger, Meta, and Typhoon as among the older boats. There were dozens of others that came and went with the years.

At one time Mom's uncle Joe Floyd, John Hudson and George Meyers of Longbranch formed a partnership to take out spars for the ocean sailing ships. Beautiful long, straight Douglas Fir spars were plentiful then. Those spars would be worth big money now, perhaps for flagpoles.

It is approaching Christmas time. What a contrast with Christmas in Mom's childhood. No electric lights, no fancy decorations, and surely no manmade trees. Popcorn strung on thread for decorations, and real candles for lights. Maybe a rag doll would manage to hitch a ride with old Santa and his reindeer. But then as now it was -- MERRY CHRISTMAS!!

# Haiti... A Labor of Love

We have all heard about those far away places where people are struggling to survive. We have actually watched children starving to death before our eyes on our television screens. For many of us, all of these sad pictures and horror stories seem unreal and distant. We feel a momentary sadness and may even decide to help a little by giving some loose change towards "saving the children". Our involvement seldom goes beyond that point. There are some among us, however, who have decided to do more. Steve and Lynn Sweet, Dave Rodman, Brad Wiggers, Rick Shelley and Shane Hostetler are such people.

This group left the Seattle-Tacoma Airport on October 31 to fly to Pignon, Haiti. They are going to Haiti to continue work on a hospital. This trip they will be building cabinets and fixing the hospital well. They will also be starting construction on a building to be used for housing the families of hospital patients. This hospital serves 100,000 people, many who must walk for days to receive medical care.

The Lakebay Community Church

has taken this mission under their wing and has pledged emotional, physical and monetary support. Over \$4,000 was raised for this trip. This money will be used for the purchasing of construction materials and for repairing the well. Can you imagine a hospital with water? The Haiti group paid their own transportation costs.

# VISION TODAY

**Dr. William Wilbert  
Dr. Edward Worthen  
—OPTOMETRIST—**

**SMALLER, THINNER, LIGHTER**

There have been fantastic advances in contact lenses in a relatively short period of time. And they're getting better (especially in the area of comfort and length of time you can wear them) all the time.

Contact lenses made their debut in the late 1930's. A glass scleral lens was used that completely covered the exposed part of the eye. This was a great invention, but it needed refinement. The heavy glass lens was too uncomfortable to wear for very long (five hours was a record in those days.)

Then, in the 1950's plastic lenses were introduced. This was a much lighter material than the glass scleral lens. People found they could wear contacts for long periods of time.

Since then contact lenses have become smaller, thinner, and lighter. Now, contact lenses are comfortable and commonplace. Millions of people wear them. They require more care than glasses. They have to be kept germ-free and there's a technique to learn in inserting and removing them.

# V.F.W. NEWS

The V.F.W. Christmas party will be held at the regular December 10 meeting. This will be a potluck, however the beef will be furnished by the V.F.W. Gifts of not more than \$3.00 should be brought for exchange, (women buy for women, men buy for men).

The program will be a National Home Movie; thanks to the 14th District Commander, Charlie Fox who will be present.

All V.F.W. members, Ladies Auxiliary and guests are welcome. We hope to see you all.

## Square Dance News

Skirts-N-Flirts Square Dance Club enjoyed visiting the Gamboliers at Port Gamble on November 3 for their first birthday celebration.

On December 15 we would like to invite all club members and class members to our Christmas dance at the Key Peninsula Civic Center. The dance will be held at Callerlab movements 1-38. John Beck will be calling and Kay will cue rounds. Our dances now start at 8:00 p.m. and end at 11:00 p.m. followed by refreshments.

# KP COMMUNITY SERVICE

The Key Peninsula Food Bank wishes to thank Fire District #16 for their help in collecting food for the Emergency Food Network.

The Key Peninsula does depend in great part on this fine organization for foods. We also purchase low cost foods from the Network Warehouse, when there is money available. March of 1985 there is a very good possibility that this network will have to close.

Thanks also to the generosity of the Longbranch Community Church, Lions Club, Lou's Meats, Walt's Fine Foods, Pierce Co. Comm. Action Agency, as well as other local residents for their contributions to help the low and no income elderly & young alike.

It is again close to Christmas time where we need to think of those less fortunate. Cash and food will be used only for the Key Peninsula residents. Working together we can better serve our most unique rural area.

All donations are tax deductible.
