NEWS FROM WAUNA TO LONGBRANCH

JUNE, 1982 Volume IX, Issue 6

TU PUBLIC HEARING

Washington State Utilities and Transportation Commission held a public hearing at 9:00 AM, Friday, May 14 in the fire department headquarters in Gig Harbor.

Summing up the purpose of the hearing Rochelle Weinker, counsel for the people, stated that it was an opportunity for the commission to hear the people's views on the validity of Telephone Utilities' request for a rate increase.

The commissioners present were Robert W. Bratton, Chairman, Robert Bailey and Aldo J. Benedetti. Presiding over the proceedings was Clarence George, an administration-law judge employed by the commissioners. Representing Telephone Utilities of Washington, Inc., were attorneys Leonard Girard and Pamela Jacklin.

More than fifty people from the communities involved attended. Some who testified were representatives from Vashon Island, Burley, Olalla, Lakebay, Gig Harbor, Vaughn and Port Orchard. Representative Barbara Granlund also testified.

Those who testified cited complaints concerning costs, inadequate service, inaccurate billing, interrupted calls, frequent outages, emergency situations, noisy connections, dialing complications and limited toll-free areas.

Meeting Solves High School Imbalance

The Peninsula Parents Group (PPG) represents the area of Key Peninsula, Sea Cliff and Rosedale. Chairman Frank Shirley of Vaughn stated that the group wants to make a positive contribution to bring about a balance between the high schools. Irene Widney and Gretchen Jordal gathered statistics to support the group's position.

Peninsula School District Board and the administrators called a special meeting at Peninsula High School May 18 at 6 PM. More than twenty students, parents, teachers, and other interested citizens were allowed to state their views and

continued on page 3 ➤

KP Park District Candidate Wanted

From time to time vacancies will exist on the Key Peninsula Park and Recreation District Board of Commissioners. Any resident is eligible to be considered for this all-volunteer, unsalaried board.

If you would be interested in a position as a commissioner, you may send a resume to P.O. Box 46, Vaughn, Wa. 98394. Important items to include are your name, address, telephone number, years as a resident on the Key Peninsula, hobbies, work experience and a brief statement of why you want to serve on the board.

Pierce Transit Answers Citizens' Requests

In response to the survey published in the Newsletter requesting the extension and rerouting of the #100 Peninsula route, Gregory E. Mykland, Service Planner, Pierce Transit has responded in the following manner:

"Pierce Transit received 25 responses to date. All have requested additional service or a route change to serve their particular area.

"Pierce Transit will be offering additional service beginning June 21, 1982. There will be one earlier trip in the morning which is scheduled to leave Key Center at 5:45 AM and to arrive at TCC by 6:30 AM and a return trip leaving TCC at 6:35 PM. There will be no additional changes at this time. The request for a bus stop at Elgin-Clifton Road is acceptable and this stop should be installed soon.

"Pierce Transit will continue to evaluate additional service on the Peninsula. Alternative forms of transportation such as roving van, van pool, and rideshare are now being studied to determine how they can best be used to serve the residents of Pierce County.

"Pierce Transit thanks those who have responded to the survey. Your interest and concern are appreciated."

KPCC KITCHEN PROGRESS REPORT

Hunter Construction Company of Gig Harbor is putting the final touches on the outside of the new addition to the kitchen at the Civic Center.

This remodeling project is being constructed with funds from a Housing and Urban Development (HUD) grant obtained by Bob Schottland, Key Peninsula representative on the Community Development Citizens' Advisory Council.

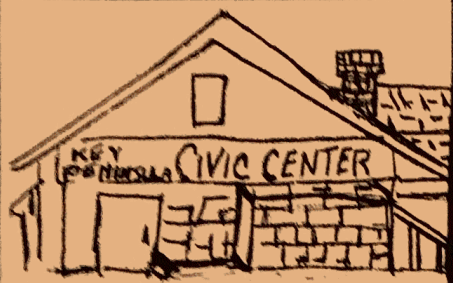

A total of \$56,500 was granted to the Center by HUD to enlarge the kitchen and add a new room on the lower level. New equipment for the kitchen will include a freezer, refrigerator, convection oven, dishwasher, work tables and three-section wash sink.

The kitchen remodeling will make the kitchen safer and more functional. It will attract more activities to the Center if an adequate kitchen is available. The extra downstairs room can be rented to bring in further revenue.

Completion for the entire project is scheduled for June 30.

Post Office Hours Changed

Beginning June 14, service hours at the Vaughn post office will be from 8:00 AM to 12 noon and from 1:00 to 5:00 PM, Monday through Friday. These hours result from earlier mail delivery to this office. On Saturday the lobby is open from 9:00 AM to 12, with window service between 10:45 and 11:45 AM.

FILUCY BAY

Many people question the name of Filucy Bay at Longbranch. It is clouded by legend, mystery and some romance. However there are those who have conducted research to try to ascertain how it came to be Filucy. One of these researchers is Beth Dowsley of Longbranch.

On the map of the United States Exploration Expedition, 1941, it is recorded as Titusi. Commodore Wilkes interpreted this Indian word as "I wade out". Boquist translated it as "the place of the herring". Another translation is "sheltered bay."

The first map where the name appears as Filucy was printed in 1890. It is difficult at this point to explain how it evolved from Titusi to Filucy, during the intervening forth-nine years.

Of course, there is the legend that Pierre LaGarde named it for his Haida wife who was a princess. However, Filucy is doubtful as a Haida name because of the alphabet of that language. Unless, speculatively, it was Pierre's name for her.

The Morman leader, Brigham Young was born in Vermont on June 1, 1801. Until 1832 he was a Methodist and followed the Mormon concept.

GREAT SEAL OF THE UNITED STATES

June 20 marks the 200-year anniversary of the adoption of the Great Seal of the United States. The design was presented to Congress on June 20, 1782, by John Thomson and adopted the same day.

To commemorate this bicentennial the United States Postal Service has ordered an envelope with an embossed reproduction of the seal to be prepared. It will be issued in Washington, D.C. on June 20. Check your local post office after that date.

➤ continued from page 1

offer suggestions. About 150 persons were in attendance. The people were, in general, against moving PHS portables to GHHS in order to relieve the population imbalance. They preferred alternatives that would not only create a balance of students but an improved balance in the curriculum and teachers.

After the presentation and discussions, Board member Walt Smith moved that the school district change the boundaries, balance the population and the curriculum, and leave the portables at PHS for storage. The motion passed.

Most of us will never do great things, but we can do small things in a great way.

YOU ARE NEEDED FOR FUN

Three days of community fun are planned for the second annual Good Ole Country Days, August 6, 7 and 8.

Among the events planned are: coloring contest, salmon derby, jet ski race, horse show, play day, bed race, hot air balloon rides, car show, hoedown and mud wrestling. There will be a health fair that includes a fifteen Km run and a short run. There will also be booths offering arts, crafts, food and games.

The Boosters are attempting to bring family entertainment to the community. Your help is needed to make Good Ole Country Days work. Most members of the Boosters are owners of very small businesses. Although they are eager to sponsor Good Ole Country Days financially, few have enough available time to make the event successful.

Volunteer your support by calling Margo Brentin at Key Western Builders, 884-2311; Jerry Walston at the Floation Device Tavern, 857-4491; Dr. D. Hornbeck, D.D.S., 851-4016 or Dolores Nicolai at Coffee Break Press, 851-4074.

James Lemon and Robert Dunlop

CABINET DESIGNERS

A new business has found its home on Key Peninsula; it is called Cabinets and Wood Products of Lakebay. James Lemon and Robert Dunlop, partners, design and build finely-crafted cabinets for residential and commercial settings in what was formerly the Grubb Machine Shop. They are buying that building from Opal and Truman (Grubb) Irby.

Their business began in Maple Valley in 1976 with subcontracts from the Boeing Company, executive airline division. Their first big assignment was interior work for the Shah of Iran's special 727.

James and Bob say that most of their work orders come from Tacoma, but they find the move out here has proven advantageous for several reasons, one of them being their overhead has been cut in half.

Lakebay welcomes these men, their families and their business. They, in turn, invite you to visit their shop on Lorenz Road on the way to Penrose Park. Jim Lemon is one of a kind! He emphatically states that there is no connection of any kind between him and another man of the same name in Tacoma.

BOOTH APPLICATIONS AVAILABLE

Applications for arts, crafts, games and food booths at Good Ole Country Days, August 6, 7 and 8 are now being accepted.

Booth donation is \$20. The number of booths is limited. Applications will be screened.

Applications may be obtained from Margo at Key Western Builders, Diane at Harvest Time Country Store or by sending a self-addressed, stamped envelope to: Booths c/o Diane Main, 4507A SR 302 KPN, Gig Harbor, Wa. 98335.

Readymade solar water-heating roof panel mounted on homemade tilting rack.

Solar Heating on Peninsula

A Lakebay resident was shocked when his electric bill for the coldest month this year rose to \$28.50!! The reason was that he heats his all-electric one-person home and hot water with an active solar system and his electric bills are usually little more than half of that amount.

"The baseboard heat came on a few times in the early morning hours on the coldest nights," he explains.

Components for active solar heating are readily available locally and are not terribly expensive. Costs can be kept quite low if one has a helpful friend to do the plumbing.

Essential elements are a wood stove, a castiron water tank inside it, one roof panel per family member (about 20 square feet), a pump with differential temperature control and sensors, adequate hot water storage tanks, and enough valves and copper and plastic piping to hook it all together. Plus a relatively open southern exposure.

Extra hot water storage capacity is needed for families

because solar collectors do not have the rapid recovery capability that the expensive-fuel systems do.

Fancy solar roof panels come readymade but the handyman can build his own from plywood, insulation, and tempered glass and fill it with Solar-Roll, a flexible black tubing designed for the purpose and available in bulk.

The Lakebay installation relies on the wood stove water-heating tank in winter and switches to the solar roof panel during the sunny months when the wood stove is not in use. The lack of winter sun and the danger of freezing are reasons enough to simply disconnect and drain the roof panel during the cold season, according to the Lakebay man.

Aside from having plenty of hot water without turning on the current-guzzling electric water heater, one of the greatest satisfactions is deducting forty percent of the cost of the solar system directly from whatever amount you owe the IRS on April 15. "I also enjoy being stuck as little as possible with the mistakes of the WPPSS experts," says the owner.

Lakebay Post Office Birthday Celebration,

The Lakebay post office will be celebrating it's one hundredth birthday this August. There will be an exhibit in the parking lot honoring all five post offices that once served this area: Delano, Herron (Blanchard), Longbranch, Home and Lakebay. There will also be a maritime exhibit depicting the ships that once brought the mails to the Peninsula.

The post office at Lakebay is attempting to round up things of interest to be lent for the exhibit. If people have any items they would like to have displayed or if they could write a brief history of any of the areas, it would be appreciated. Old pictures of former post offices, employees, or equipment from the post offices would also be welcome.

If anyone would be willing to help with the planning, decorating, exhibits or refreshments, please call the post office, 884-2389, or Dottie Pierce, 884-3737, or Terrie Moore, 884-3465.

FEDERAL FUNDS ENDS

Federal funding for the Community Action Agency will end on September 30. To try to fill this hole in the Reagan safety-net, the staff plans to join with the Health Center and Fire District #16 to form a non-profit group called Key Peninsula Community Services, Inc.

The job referral service for odd jobs in the area will be continued, as will the thrift shop and food bank, and the need for contributions of cash, food, and items for sale persists.

Pierce County Community Action Agency is a sponsoring agency for a federally funded Senior Aides

Program. This program enables low income seniors over fifty-five years of age to be employed part-time in private or public non-profit organizations.

At this time the program is recruiting eligible citizens interested in part-time employment.

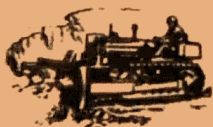

Also there is a need for public or private non-profit organizations to be host agencies for the senior aides.

For more information call Shirley Sorenson at Key Peninsula Community Action Agency in Vaughn 884-4440 week days 10:00AM to 2:00 PM, or during off hours at 884-3581, or you may call Velda Driver toll free 1-800-562-0366.

STRESS MANAGEMENT

A presentation on stress management will be given on Wednesday, June 16 at 7:30 PM in the Brones room of the library at Key Center. The instructor is Rick Kendig, a mental health specialist from Comprehensive Mental Health in Tacoma. This presentation will help you develop some practical techniques in order to deal with those stresses that we all experience at one time or another.

EQUIPMENT

We have received the heart monitor, thanks to the Peninsula Volunteer Firemen's Association, the Gig Harbor/Peninsula Rotary, the Angel Guild, a good friend of the Health Center, and many other friends and neighbors.

We are also well on our way to getting the x-ray equipment which will enable us to offer the full range of primary care services that the community needs. We have received sufficient donations to allow us to order the equipment so that it will be installed coincident with the move to the new facility.

RUN FOR YOUR HEALTH

The Key Peninsula Health Center is sponsoring two runs in conjunction with the Good Ole Country Days, August 6, 7 and 8.

Both runs will take place at 9:00 AM, August 7. The longer run, beginning at Penrose State Park, will follow a fifteen kilometer (9.3 miles) loop and end at the park. The shorter course has not yet been determined.

For more information on this community event, please contact the Key Peninsula Health Center or Pete Murphy at 884-4879.

PONDERINGS

by Cecil Paul

School picnics were a real adventure sixty-five years ago. Point Defiance was my favorite picnic place. Mom could not go the first time which left me free except for teacher, and she was easy to escape from.

The glorious fun started when I was walking across the deep crevasse between the dock and the steamer. I spit down there but did not know about the wind. The deckhand, handing the ladies across, did. Once aboard and far out in the bay where neither Ma nor Pa could see me I decided to walk around the boat, outside the rail. Several kids were following until something grabbed me by the hair and the seat of the pants and hauled me back inside. It was the deckhand. He yanked my hair pretty hard I thought.

Two boys had bicycles. They thought it would be O.K. to ride around the cabin a few times until they met a fat lady on the turn by the pilot-house. The captain stopped that fun. When he yelled he almost swallowed his cigar and turned purple.

After these setbacks we went into the cabin where the good kids were. There was a nice lady sitting on the bench seat opposite us. She had a child about a year old on her lap. Seated next to her was a scurvy looking man of about twenty. Whenever the poor little bug-eyed kid looked at him he made a horrible face at it. The kid would grab onto its mother's neck, scared half to death. She would look around, totally ignorant of the problem. The man sat as prim and innocent as a priest. We kids were laughing hysterically and poking one another in the ribs. The poor lady must have felt terribly left out and the

little kid was most likely mentally scarred for life.

We got off the boat at Point Defiance without anything special happening. Once ashore, we headed up the trail to the picnic area. Several tables were commandeered by some of the older girls and mothers. The lunches were parked there with a couple of ladies who would keep the squirrels and crows away until lunch time.

With some other kids I went over to the bear cages. The bears were pretty good at catching peanuts but we liked peanuts ourselves. When we started throwing shells, the bears lost interest so we went to the bird and monkey cages. One tomboy-type girl tried howling at the monkeys and they howled right back. It was very interesting, the girl and the monkeys howling that way at one another.

When we left the howling girl and monkeys we went outside to the bird cages. Inspired by the monkeys, the birds were doing an awful lot of squawking. The old lion was roaring and coughing also. Around on the back side of the bird and monkey place there were coyotes and timber wolves. A boy who was good at howling got them started. That was sure a nice part of the park.

There were a lot of bison, which we called buffalo, up on the hill in a big pasture. The place had a strong fence with a heavy plank gate. Somehow a big bull buffalo was teased into butting that gate. It bent quite a bit. If he had known it I bet he could have knocked it loose easy.

Old Point Defiance was sure a good place for a school picnic.

New Kent County, Virginia was the birth place of Martha Washington, the United States' first First Lady. Her birth date was June 2, 1731.

John, Tim, and John here to serve you

Little by Little

by Ruth Little

In a recent visit to Tacoma to discuss schools with a gathering of educators, Mortimer Adler, the noted philosopher and author, said that the only way this nation can get out of its current economic plight will be by withdrawing from the nuclear arms race. I agree. He also said Russia doesn't have to bomb this nation - it is already destroying America economically by forcing us to compete in this silly race.

I'm frightened. Our daily papers are full of talks about nuclear war, at times suggesting it would be possible to have a "limited" nuclear war. How ridiculous!

In *Foreign Affairs* there was an appeal made by four distinguished Americans that America pledge itself against first use of nuclear weapons in Europe. This is their closing statement: "In an age of massive thermonuclear overkill it no longer makes any sense - if it ever did - to hold these weapons for any other purpose than prevention of their use." (They are still perpetuating the fallacy of deterrence.)

If you aren't prepared to use nuclear weapons first, what is the point of having them at all? We seem so naive about this horrible monster which we have created. Remember, we were the first to make nuclear weapons and also we were the first to use them. The whole distinction between aggressive and defensive war went out the window when nuclear arms were invented. I fear that the first-strike lobby in our country is growing more powerful. We must not allow this.

Many organizations, churches, etc. all over the United States have passed resolutions in favor of a nuclear arms freeze. I can't understand why every church on the Peninsula and all over the country doesn't get more involved. Sidney Harris said it better than I can. "No religion is more than a mockery or a superstition if it regards with equanimity or indifference man's extinction by man."

Did you notice the piece in the paper about discovering hundreds of Social Security checks issued to a woman who has been dead for fifteen years - all uncashed? The article went on to say that thousands of such checks are returned all the time, and guess what the problem is: where to put the money? Seems to me that the sensible and obvious thing to do would be to return the money to the account that it originally came from. So far they've been putting it into another fund. No wonder they are in the red.

Lately we're hearing a lot about prayers in schools. It seems rather silly to me. I guess I'm a

little hazy on what they mean by prayers. I don't see how anyone who wanted to pray could be stopped. Aren't most prayers silent? Mumbling a few memorized lines aloud isn't my idea of prayer. It does have a quieting effect, at least in the primary grades. I sometimes had my third graders sing a one-line prayer before eating lunch. Sort of a ritual that got them quiet and made everyone begin eating at the same time. That was before we had hot lunches I guess. Perhaps some of my readers will enlighten me as to how a law could keep me from silently praying anyway or anytime the spirit moved me.

Sunday at church, Joyce Case told how fortunate she was (and all of us are) to have our very efficient fire department. Her recent fire in her home could have been a calamity - but their amazing speed soon had it under control. My own experience several years ago made me realize how expert they are. I'll never forget how wonderful it was to hear Med's voice saying,

"We'll be right out, Ruth." In minutes he and John Schmidt were driving down my driveway and had things under control in such an orderly professional way.

Chinese Lunar Calendar

Folks born in one of the years of the horse are fortunate. If you are one of these you are strong, cheerful and people respond to you. You are independent and good working with your hands. Famous horse people include Rita Hayworth, 1918 and Audrey Hapburn, 1930. Some of the years in this 12-year cycle are 1906, 1918, 1930, 1942, 1954, 1966 and 1978.

John Osborn, manager backed by John Edwards and Tim Farrell.

KEY CENTER GASSED

Painted, polished and ready to go, the Key Center Shell station is open for business. After being vacant for several months, the station has been leased to Ernie Edensword, owner of three Chevron stations in Tacoma.

"We're happy to be here," says John Osborn, the new manager. Presently commuting from the Roy Y, he hopes to move here this summer. John has worked as a trouble-shooter for the three stations in Tacoma this past year.

Making up the balance of the crew are Tim Farrell of Tacoma and John Edwards from the Horseshoe Lake area. Tim was brought out from one of the Tacoma stations.

The station is open Monday through Saturday from 6:00AM-9:00 PM, on Sunday from 8:00 AM-8:00 PM. Light mechanic's services such as tune-ups, brake jobs, lubes and oil and filter changes are available. They stock Atlas supplies and accessories. All services are guaranteed.

Fire Department 16

CALLS

The past month has been a busy one for Fire District #16. They responded to twenty-six aid calls and fifteen fire calls. District fire loss is up this year. Last year's total was \$112,000 while the current figure for this year is \$135,000.

On April 16 a rental beach cabin at Devil's Head was destroyed. The fire, blazing visibly from across the water, was reported by the Olympia Fire Department. The building was already gone when firemen arrived, leaving little evidence to determine the cause of fire.

On April 23 a brushfire 200 feet from the Longbranch Mercantile burned two acres.

On April 24 the David Mikelsen family lost their Longbranch mobile home. The fire was in an advanced state by the time the family awoke. The home had no smoke detectors. Unable to use their phone, which was in the burning area, the Mikelsens fled and then reported the fire. An electric heater was the cause of the fire.

May 13 a chimney fire caused structural damage to the Bill Case residence.

A building donated by a Seattle woman is being used by Fire District #16 for live fire training. Mass casualty simulation has been another area of training. A casualty-simulation kit is used to create realistic injuries of all types. The trainees must then treat the casualty victims as if it were a real-life situation. A full-scale mass casualty drill is scheduled for the end of June. The call will go out as if it were an actual emergency, without prior knowledge of location or type of accident.

Deputy Chief Horace Kanno has been attending parent group meetings to familiarize the community with services offered by the department. A slide presentation with aerial shots of local scenes of firefighting and aid calls punctuated the discussion.

Kanno explained how the department is funded, the number of volunteers in our district, the type of equipment they have, the services provided by the emergency medical technicians and their working relationship with the Health Center. Ambulance service is provided by the department, which is uncommon. Fire departments do not usually have their own ambulance.

Stressed in the presentation was the need for specific directions in an emergency, it is easy to forget your own address, so tape it to the phone. Phone stickers with the fire department's number are available at the Key Center station.

If you smell smoke, call and let the department check it out. Don't wait until you see flames. The fire department responds to any emergency, and is closer than any other agency.

TOASTMASTER'S CLUB

The newly-formed Key Peninsula Toastmaster Club will meet Monday, June 7 and 7:00 PM at the Huckleberry Inn in Key Center. Now is the time to become a charter member. People eighteen years or older and interested in improving their ability to speak more effectively are welcome.

The Toastmaster program is based primarily on the principles of learning by doing and improving through practice. It is a process of drawing out and putting into use the talents and abilities which are present but undeveloped.

The power to communicate is one of our greatest endowments. The Toastmaster program is designed to help improve the ability to communicate ideas effectively, to build self-confidence and enhance leadership abilities through effective speaking, listening and thinking.

An investment in one year's worth of self-improvement through the Toastmaster program at a cost of approximately \$30 will be repaid many times over by enrichments in your personal life and career advancement.

Join this friendly group on Monday, June 7 at 7:00 PM at the Huckleberry Inn in downtown Key Center.

FATHER'S DAY

June 20 is the day to remember father. This day is thought of as a recent holiday; however, the day has been celebrated by some people since June 19, 1910. President Lyndon Johnson proclaimed it an official holiday in 1966.

This is one of the faces behind the scenes at the Center, Edna Hashagen.

HEALTH CENTER STAFF

You will probably never meet this employee of the Health Center. She is there only three days a week working in the business office. If she takes a special interest in you, you're delinquent.

Edna is the accountant for the Health Center. An accountant for many years with the Puyallup school district, she joined the Center staff a year and a half ago.

Edna grew up in the Tacoma area and has lived on the Peninsula since 1978. Music is her favorite pastime. She plays the organ, saxophone and piano. She played the saxophone when she was in high school and was a church organist for some time.

Skiing is a new interest. She is an avid skier. With her son's involvement in baseball, she has become a PAA baseball fan.

POISON CONTROL NUMBER

The Poison Control Center at Mary Bridge Children's Hospital now has a toll-free number for use by residents in Pierce County and the surrounding area. 1-800-542-6319.

SILVER THREADS

A van load of seniors made an interesting trip around the Olympic Peninsula on May 17, 18, and 19.

The remodeling of the kitchen at the Civic Center has not dampened the enthusiasm of the potlucks every Thursday noon in the Gold Room. Members are very innovative with their paper plates and cups, and their selection of food for an enjoyable potluck.

Foot care is still being offered once a month. Come and get your name on the list. You limp in and leap out after Nancy Adamson RN treats you.

More and more members are becoming interested in shuffleboard and a tournament may get started one of these days.

The Wright Park Center Seniors in Tacoma are hosting a day in the park on June 5. The seniors there have planned a full day of entertainment with such entertainers as the Fort Lewis Choir, Totem Dancers, and the South Park Dancers. The entertainment is continuous throughout the day. The day starts with breakfast served from 8:00 to 11:30 AM. Hot dogs, pie and cake will be served during the afternoon. All seniors of the county have been invited. Reservations are now being taken for the senior van for that day. Call Bob Smith at 884-2067.

In the Library

NEW LIBRARIAN

Our head librarian, Mrs. Don Visell, resigned her post after two years. She plans to be active in the Friends Group but is retiring to her home and to a trip to Scandinavia. The name of the new librarian has not yet been announced so you may look for a story next month.

Have you noticed some of the special brochures that are available at the library? They include one listing all the elected officials for cities in Pierce County, plus county and state and national representatives. You will find the latest issue of *Western Washington Gardener* and information on the Audubon Society and Tacoma Writers Club. Some brochures are health-related and others list classes both at the community college and other sources. Be sure to look them all over when you stop at the library.

MASTER GARDENER

A special service at the library this entire summer will be the presence of the Master Gardener from 1:30-4:00 PM every Thursday. If your plants are ailing, bring them in and have the illness diagnosed. They have much information also on what to plant in this area and would be happy to help you.

Wheels of Life

The Wheels for Life bike-a-thon, sponsored by Fire District 16, raised \$242 for St. Jude Hospital April 17. The bike-a-thon took place at Penrose Park.

Riders in the five-mile event were Tim Lemon, Glenda Rose, Allan Hooper, Shawn Halvorson, Daniel Smith, Adam Jameson, Ryan Falk, Mike Mills, Matt Mills, Martin Mills, Judy Mills and Clint Korte. Ten mile riders were Laurie Lique and Tina Jaggi.

Entrants with pledges totaling over \$25 received a t-shirt. A jacket was awarded to those bringing \$75 or more.

Jefferson Davis

Jefferson Davis, an American statesman and President of the Confederacy, was born June 3, 1808, in Kentucky. He grew up in Wilkinson County, Mississippi.

Friends of the Library

Friends of the library continue meeting on the third Thursday of the month at 8:00 PM in the Brones Room. The Friends group has the purpose of encouraging improvement and expansion of the library facility and programs by fund raising, donating furnishings or equipment to the branch, sponsoring special events and exhibits, and planning special programs. Everyone is welcome to attend.

KP SOCIAL CLUB

On May 11, the monthly Peninsula Social Club meeting was held with a potluck supper followed by the business meeting at the Longbranch church.

Guest speakers were Rob Snyder and Sally Shawl of the Key Peninsula Land Use Planning Committee. They accepted an invitation to clarify the present status of planning and future patterns of growth and development.

Rob and Sally quoted data from the questionnaire which was circulated to landowners on the Peninsula south of Cramer Road about a year ago. Nearly two thousand persons responded and the data were tabulated with the help of the University of Puget Sound's computer. The results of the questionnaire showed that a high percentage of people on the Key Peninsula favor some growth management plan.

These data were presented to the Pierce County Council Growth Management Committee to help formulate their comprehensive plan. It is important to remember that no existing homes or businesses would be affected by these new rulings. Increased population will affect available water supply, accommodate safe sewage, and increase taxes.

The Key Peninsula land management, at this time, is included in the Pierce County master plan devised by the PCCGM Committee. Therefore, Sally Shaw suggested anyone concerned should write to Booth Gardner and Jake Bujacich of the Pierce County Council.

The assembled members also considered the absence of signs directing motorists to Home. The State Department of Transportation say that each village must have a sign indicating when the motorist is entering the village in order for the state to place signs on

the highway. Therefore a sign designating Home is needed.

The Key Peninsula Social Club potluck supper, scheduled for June 8 at 6:30 PM at the Longbranch Church Fellowship Hall will be followed by a presentation on facilities, present problems and future plans for Telephone Utilities of Washington, Inc., by Mr. Don Dennis, public relations representative. Anyone is welcome to attend the dinner or the meeting.

DR. PENROSE GUILD

The Dr. Penrose Orthopedic Guild's June meeting will be held on June 3 at the Longbranch home of Mrs. David Dowsley. This is the final meeting for smorgasbord arrangements and all members are urged to attend. Co-hostess for the luncheon is Mrs. Donald Henschel.

New officers for the year, elected in April, are Mrs. Pobert Rodine, president; Mrs. Vernon Merrill, vice president; Mrs. John R. Petersen, secretary, and Mrs. Henry C. Schmidt, treasurer.

SMORGASBORD

Once again the ladies of the Dr. Penrose Orthopedic Guild are presenting their famous smorgasbord. The table will be loaded with favorite dishes from past years plus a few new items. Please join us on Saturday June 12 at the Longbranch Improvement Club for an evening of good eating and good company.

Please contact any Guild member for tickets, Adults \$7.50, children under ten, \$3.50. For information or tickets call Mrs. Glen Collins, 884-3784 or Mrs. Ned Richards, 845-6004. The money from this event is donated to the operation and maintenance of Mary Bridge Children's Health Center.

COOTIETTES

The Penn-Ants Cootiette Club joined with other local clubs in participating in the Loyalty day parade in Port Orchard on May 18. A colorful float decorated in red and white, the club's colors, was welcomed as it drove through town. Those attending were Alice Palmer, Marie Schwenka, Daisy Mae Harfst, Coretta Van Antwerp, Judy Wilson, Corky Harriman, Jane VanSlyke, Helen Wolniewicz, Pearl Roberts and Nat Knox.

A visit to Rocky Bay Health Care Facility and to Cottesmore Nursing Home was made on May 13 by Marie Schwenka, Corky Harriman and sister, Alice Palmer, Judy Wilson and Irene McVickors. Cookies were served. The navy hospital visit was made on May 25 and fruit and juice were served.

Next visits will be June 10 and June 29. All members are urged to join these visits. Meet at Walt's at 11:30 AM.

Have fun at the birthday party on May 20 at the Belfair Cafe, Belfair

SQUARE DANCE CLUB

The Skirts-N-Flirts Square Dance Club enjoyed a fun evening of all singing calls by caller John Beck and his wife Kay. We had visitations from the Curley Q's square dance club of Port Orchard and Looney Tunes from Ballard.

A beautiful rhododendron bush was presented to outgoing President Byron Ray and his wife Ruth. It was donated from the garden of Raleigh and Irene Grate.

The club will have a picnic/business meeting at the beach home of Clark and Marilyn Hillier at 3:00 PM on Sunday, June 6. Everyone is to bring a potluck dish and their own table service and special beverage. Coffee will be provided.

Neighborhood News

SPORTSMAN'S CLUB

The Key Peninsula Sportsman's Club anticipates a busy month of activities. Their calendar includes a card party on June 5 at 7:30 PM; dinner and a meeting on June 10 at 6:30 PM; a Sunday social on June 13 at 1:00 PM; potluck dinner and game night on June 25 at 6:30 PM; Pierce County Sports Council meeting at 7:30 PM.

LAKE MINTERWOOD

A beautification work party is planned by Lake Minterwood for June 12 at 9:00 AM. Members will meet to spend the day making horseshoe pits, barbeque areas, and setting up tables. They will also put out buoys in the lake and spread sod around appropriate ground areas.

Jeanie Thomas expressed the concern of the club members about the amount of vandalism taking place around the lake. She said the club members want to remind those who litter and destroy property that this is a sad commentary on the character and values of the perpetrators. Also that the costs involved come out of their pockets too.

It's so important to know you can choose to feel good. Most people don't think they have that choice.

LAKEBAY

COMMUNITY CHURCH ACTIVITIES

A spring schedule for Lakebay Community Church included an annual mother-daughter brunch featuring a style show of wedding dresses both old and new; it was attended by ninety-four people.

The father-son banquet and program occurs June 4.

Vacation Bible school will run June 21-25 from 9:30-11:30 AM each day at the church, with classes for children age three through grade eight.

Summer youth camps running through July and early August will accommodate various age groups.

Teen Missions International projects participants from this congregation include Steve, Lynne, and Tanya Sweet, leaders for a team to Pignon, Haiti, and Jeff Sweet and Dave Rodman, members of a team to Spain.

The church softball team is ready for their first league game. A large turnout of adults and teenagers have attended the practice games.

Call Pastor Vern Wiggers, 884-2395 for further information on above items.

Asked if he had made the top half of his class, the young college student replied thoughtfully: "No—but I'm one of those who makes the top half possible."

LONGBRANCH

EIGHTY-FOURTH ANNIVERSARY

The Longbranch Community Church will observe their eighty-fourth anniversary on June 6 with a brunch following the eleven o'clock service. The Reverend Marshall Ellis returns to the pulpit for the month of June.

IMPROVEMENT CLUB

The Improvement Club will enjoy a potluck supper at their regular meeting in the Longbranch Community Hall at 6:00 June 21.

PENINSULA NEIGHBORS

A Peninsula Neighbors picnic will be held at Penrose Point State Park on June 9 at 11:00 AM. If it rains, the location will be changed to the Longbranch Church Fellowship Hall.

BAYSHORE GARDEN CLUB

The Bayshore Garden Club will meet at the Longbranch Church on June 18 at 1:00 PM for a program on conservation material. Acting as hostesses are Helen Tracy and Edith Pinder.

NUTRITION PICNIC

The Nutrition class plans a picnic at noon on June 15 at the home of Mrs. Jean Humphreys.

I am a great believer in luck and I find the harder I work, the more I have of it.

HISTORICAL SOCIETY PICNIC

The Old Timers are invited to gather on June 27 at 12:00 for the annual potluck picnic which will be held once again at the home of Dick and Marge Radonich.

VAUGHN

Lois and Frank Chapman have spent summers at their Vaughn Bay home for twelve years but moved in year-round last October. They have been involved in the remodeling of their home from a summer place to a permanent residence. However, they find time to play golf and play bridge at the Civic Center. Lois enjoys quilting and Frank plays the organ. Vaughn is a friendly place so they enjoy their neighbors.

The Chapmans lived in Seattle and spent two years in Inglewood, California, but have lived longest in Tacoma. Frank was with United Pacific Reliance Insurance and Lois worked at the Rhodes department store until it closed.

They have two daughters, one in Gig Harbor and one in Seattle. They also enjoy three grandchildren.

Lou and Lee Bailey moved into the Peterson house, opposite the Vaughn spit, in October of 1981. They enjoy living in the area and particularly the friends they have made here and in Gig Harbor. They have fixed up the old house to suit their needs and feel at home.

They moved here from Walnut Creek, California. Lee was a specialist in the maintenance of PBX equipment. Lou retired from the catering business.

Their son lives on Marrowstone Island off Port Townsend where he is a tugboat operator.

Four young people were received into adult membership in the Lutheran Church on Pentecost Sunday, May 30. This is one of the traditional days for confirmation since it is the birthday of the Christian Church. Received by the rite of confirmation were Kristin Pedersen, daughter of Paul and Pam Pedersen; Mark Schock, son of Oskar and Birdie Schock; Heiko Garber, son of Donald and Gerta Garber; and Curtis Endicott, son of Wally and Cynthia Endicott.

June is national rose month

HOME

Billie and Mac McKinney live in the house that Cecil Paul built at Home. They enjoy their new home and the area and have been busy with gardening and landscaping. Billie says she is feeding Cec's crows and they respond to her "Caw, Caw" too.

They attend Home Social Club meetings and enjoy the Senior Society and bowling in Gig Harbor.

Mac worked for the Los Angeles Police Department, Allstate Insurance claims department and was a security agent for the Los Angeles school district before retiring. Billie was in special education with Los Angeles schools. They lived in Van Nuys, California. They settled in Home last February after making a 6700-mile trip. They lived briefly in Leavenworth and Gig Harbor before coming to Home.

They have a son who lives in Gig Harbor and is a motorcycle officer with the Tacoma police. Their daughter lives in Artondale and works at AT&T. They have three grandchildren.

Dream of tomorrow, but live today!

Nepal Slide Lecture

Dr. Robert Fleming Jr., a zoologist from Katmandu, Nepal, will present a slide lecture on the natural history of the Himalayas with a special emphasis on birds. The program will be held in room 008 in the science building at the University of Puget Sound on Friday, June 25 at 8:00 PM. Admission is free.

Dr. Fleming was raised in India and now makes Nepal his home. He has co-authored *Birds of Nepal, Sikkim and Kashmir* as well as several other books. Besides writing, he leads treks in South-east Asia.

KPCC Board Minutes

The board will pay \$25 per meeting for the advice of F. Michael Mizer, a local lawyer.

Work on repairing and enlarging the sewage system will be done by volunteers, with the Executive Board reserving the right to hire the work done if serious problems arise.

A recent burglary has prompted the purchase of a safe.

The new insurance policy for the Center offers better coverage, including skating insurance, for an increased fee.

The Park Board will pay half the cost of a used copying machine. The cost to the Center is \$700.

The Newsletter repaid the loan from the Center and is self-sufficient, thanks to its staff of volunteers. Bob and Ricole Schottland donated an unabridged dictionary to aid in publishing the paper.

New chairmen are needed right away for Bingo, the fireworks sale, and for children's games at Pioneer Days.

WE'VE GOT ONE IN YOUR SIZE.

Why use a big tractor on a job a small tractor can do just as well? And for less.

Our B Series Kubota tractors range from 12 to 19 hp, have 2- or 4-wheel drive and handle a variety of implements. All have hydraulic 3-point hitch, front and rear PTO, and a dependable diesel engine. Choose from a variety of transmissions. Standard shift models offer the right speeds to match your

job. The hydrostatic models give you all this plus the ease of no-shift, one-pedal control.

So if you want to get the job done right, get the right tractor for the job. We've got one in your size.

We're looking for work.

Purdy Store Manager George Duris, Valley Supply Co-op, shows the new CENEX product label to Vince Tibotta, Purdy branch manager.

"Puget Sound National Bank's service and people make a big difference,"

states George Duris, manager Valley Supply Co-op in Purdy.

"The people make the difference and the banking convenience of the Purdy branch of the Puget Sound National Bank are important to us," manager George Duris of the Purdy Valley Supply Co-op, explains. "We have been customers of the bank since it opened in 1970 and we will continue," he emphasizes. Valley Supply Co-op was formerly Western Farmers until last February.

More particular people are learning of the many services made available by the Puget Sound National Bank. The personal service and knowledge of modern financial practices are extended to commercial and individual customers every day 10 to 5 and until noon on Saturday.

PARENT GROUPS

VAUGHN SCHOOL

FIELD DAY

Field day will be June 16 or 17, depending on the weather. The film *Our Dinosaur Is Missing* will be shown, courtesy of the parent's group.

Election of officers was held at the April 17 parent's meeting. Officers for next year are Marilyn Korte, president; Phyllis Jardin, secretary; Jerrilynn Falk, treasurer. A potluck luncheon was held May 26 to pass on the records to the new officers.

EVERGREEN SCHOOL

CARNIVAL

Many thanks to all who donated prizes, food and their time to make the carnival a successful event. We made \$700. The parent group appreciates the continuous support we have received from local businesses. Even when times are not at their best, you keep on giving.

FIELD DAY

Field day will be June 17 or 18, depending on the weather. A hot-dog lunch will be provided by the parents group.

YEARBOOK

The yearbook will be arriving the week of June 14. A special thanks to our dedicated photographer, Dave Watson. Dave donated not only his time but also the cost of film and developing.

Parent's Group treasurer Diana Sammons (left) and Evergreen librarian Sheryl Scolman with new books.

BOOK FAIR

With the proceeds from the book fair, Sheryl Scholman, Evergreen's school librarian, was able to purchase twelve books for the library. The new books will be processed and ready to use next year. The titles are: *Appelard and Liverwurst*, *Ballet for Boys and Girls*; *A Different Kind of Gold*; *East of the Sun & West of the Moon*; *Encyclopedia of Legendary Creatures*; *A Giraffe and a Half*; *Witch, Goblin and Ghost in the Haunted Woods*; *The Good, the Bad, and the Rest of Us*; *A Merry-Mouse Book of Months*; *People*; *A Rose for Pinkerton*; and *Seven Stories by Hans Christian Andersen*.

Thanks to all the moms who sold books at the fair.

New School Opens

In September of 1982, the Home Chapel of the Assemblies of God plans to open a Christian school in Home. Classes will include kindergarten through 8th grade. Home Chapel Christian School (HCCS) aims to educate each student with a solid foundation in basic skills, as well as provide curriculum in a broad spectrum of enrichment areas.

HCCS features the traditional textbook approach supplemented with workbooks in subjects such as Bible, reading, language arts, math, science, history and geography. Children will take part in individualized, self-paced study and discovery learning.

For more information or a personal visit, call 857-4266 or write to Home Chapel Christian School, Route 1, Box 84B, Lakebay, Wa. 98349.

Dance Review at KPCC

Joy Ozier's dancing school, Dancing for Joy, will present a review Saturday, June 5 at 2:00 PM in the Key Peninsula Civic Center. A fifty cent donation will be accepted at the door.

The theme this year is I Believe in Music; the acts include tap dancing, singing and dancing, jazz routines, acrobatics and ballet. Music used will include excerpts from *New York, New York*, *Annie*, *Camelot*, *West Side Story* as well as some of Shirley Temple's old songs.

Performers will range in age from two year old pre-schoolers to adults.

For their dedication, awards will be presented to students who have completed one, two and three years dance classes. Third year awards will go to Leona Blondell; Lisa Caskin; Jessica Chentow; Karma Johnston; Ticee Kunzl; April Ozier and Brenda Peterson. Second year and first year participation awards will also be given out.
